Page 47 Page 45 Sometimes, if they go to the ER side, you may have Q. It's in the triage room? 2 A. Yes. further contact with the patient. Is that correct? 3 3 Q. How often do you refer to it? A. Yes. 4 A. Not that often when you know it. 4 Q. If they go to the UCC side, do you generally 5 Q. Okay. That -- and that was what I was have more contact with the patient or -curious about. So you feel like you know this, and 6 6 A. Rare occasions, if they need drugs pushed, 7 7 it's not something you have to look at, you know, IVs started. 8 every day. Is that correct? 8 Q. All right. Let me actually -- this is 9 A. Yes. 9 what's already been marked as Exhibit 3. Q. Okay. So how often would you -- or -- or do MS. McCREADY: Gary, that's a copy for you. 10 10 11 Q. I'll just represent to you that this was 11 you ever have occasion to -- to look at these acuity 12 levels? 12 produced -- this was given to me by -- by the United 13 A. No. 13 States as the triage policy that existed in the 14 emergency department/urgent care center at ANMC in 14 Q. So do you feel like back in April of 2003 that you would have the same answer: That you know 15 2003. And it's Bates stamped ANMC 894 to 904. Have 15 these acuity levels, that this isn't something that 16 16 you seen this before? 17 you would have to -- to re-refer to? 17 A. Yes. 18 Q. Okay. Is this something that -- that you're 18 A. Yes. Q. And this is the - that's been marked -19 19 familiar with? 20 already been marked as Exhibit No. 8. I'm sorry. And 20 A. Yes. that's the emergency visit record. This is a record 21 Q. All right. And so going to the - I want to 22 that you reviewed recently. Is that correct? 22 turn to ANMC 897. It looks like three - four pages in. And at the top of that page it says, "Triage 23 A. Yes. 24 Acuity Level Guidelines." And then it has the 24 Q. Okay. And again, any other records that you 25 have looked at before coming here for your deposition? 25 definitions, Level 1 to Level 5. Are those the levels Page 48 Page 46 that you were talking about with me earlier, the 1 A. No. 2 Q. Okay. If you could tell me what - on the 2 acuity levels? emergency visit record -- and this, again, is 3 3 A. That we had at that time, yes. Exhibit 8. If you could tell me what -- what's your 4 4 Q. Okay. And you - so you have seen these levels before. And are these the levels that -- at 5 handwriting. A. Right there where it says, "0710 - ears and 6 least this is your understanding, working as a triage 7 head are hurting - up all night. Pain level ten. 7 nurse at ANMC, that these are the levels that - the 8 8 acuity levels --Sitting with ease." 9 9 Q. Okay. And then anything else that you have A. Yes. 10 written down? 10 Q. - that you're kind of employing as a triage 11 A. Vital signs 977 orally. 58 pulse. 20 11 nurse? respiration. 128 over 71, blood pressure, and pain 12 12 A. Yes. Q. Okay. And then on -- there's 899, 900, 901, 13 13 contract. 902, 903. Those are examples of triage acuity levels. 14 Q. Okay. Anything --15 A. Allergic to aspirin. 15 And then - have you seen those before? 16 Q. I'm sorry. I didn't mean to cut you off. 16 A. Yes. Q. Okay. And you're familiar with those. Is Allergies. Okay. So under "Allergies," you wrote 17 17 ASA? 18 18 that correct? 19 19 A. Aspirin. A. Yes. O. Aspirin, okay. And then this question, pcn, 20 20 Q. And is - do you - is this something - I don't know whether or not this is a policy that you 21 21 what is that? 22 22 generally could look at, if you have it physically A. Penicillin. 23 Q. Okay. And is that your handwriting? 23 with you at the ER, or is this just something you know 24 A. No. 24 because of your experience and work? Q. All right. Any other handwriting that's 25 25 A. It's in the triage room.

Page 51 Page 49 "ears and head are hurting"? yours on the page? 2 2 A. From him. A. Nope. Q. Okay. At the top -- well, did you -- are 3 Q. Okay. Do you have any - as you sit here 3 4 right now, do you have an independent recollection 4 you the one that circled the triage level? 5 5 of -- of him? 6 A. I remember him, yes. 6 Q. All right. And you -- you circled a four. 7 7 Is that correct? Q. What do -- what do you remember? A. That his ears and head were hurting. 8 8 A. Yes. 9 Q. Okay. Anything else that you remember about 9 Q. Now it says, at the top, "Clinic: 80, 30, 10 him. 10 51." What is that? 11 A. 80 is UCC, 30 is ER, and I think 51 is 11 A. As in what? 12 Q. Well, as in anything. I mean, I'm just 12 telephone. 13 curious, as you sit here right now: Do you have, 13 Q. Telephone being -like, a vision in your head? Do you remember what he 14 A. Calls from the villages. 15 looked like? Q. Okay. And then did you circle the 80 or did 15 16 A. Yes. 16 someone else do that? Q. Do you remember who he was with? Do you 17 17 I circled the 80. remember anything else he said? 18 Q. All right. Who writes down the arrival time 18 19 A. With his wife. in the triage room - I mean in the room number? 19 Q. Okay. Okay. What do you remember about his 20 20 A. Clerk writes the arrival time. And I don't. 21 wife? 21 Nurse, I guess, writes the room number. 22 A. She told me he took all his drugs, that he 22 Q. Okay. Going back to that day, do you 23 had taken all his pills and he still had pain. 23 remember back in 2003 what kind of shift you were 24 Q. So she said he had taken all his pills. And 24 working in April of 2003? 25 what was your understanding of what he had taken? 25 A. 6:00 to 6:00. Page 50 Page 52 1 A. I cannot recall if she told me the Percocet 1 Q. 6:00 a.m. to 6:00 p.m.? 2 2 or not. A. 6:00 p.m. 3 Q. Okay. Would -- would that be something that 3 O. What time does the -- back in April of 2003, you would generally ask if -- if the wife of a patient what time did the UCC open? 4 5 A. 7:00. came into the ER and said, you know, "He had taken all 6 6 his pills, but he's still in pain," would you want to Q. Okay. And what would you -- I'm just 7 know what he had taken? 7 curious how that works. So if you would come at 6:00, 8 what kinds of tasks would you have before the clinic A. She may have told me. 9 actually opened? 9 Q. Okay. But I'm just curious: As a triage 10 nurse, is that something that you generally would 10 A. Well, there's patients there. We take care 11 follow up on? You would want to know what he was on, 11 of patients. 12 Q. So can patients show -- do sometimes 12 had been taking? 13 A. She must have told me. 13 patients show up to the UCC before 7:00? 14 Q. Okay. One of the things that -- you said 14 A. Yes. 15 that when you do triage you want to know what 15 O. Okay. Okay. So it says 7:10. And was that medications they're on, because you want to make sure 16 the time you actually saw -- saw Todd Allen, who was 17 that the doctors know. Is that correct? the patient in this case? 17 18 A. Yes. 18 A. The time he came into the triage room. 19 Q. So is that something that you would have 19 Q. All right. So that's the time he came into 20 asked, even if she hadn't told you? 20 the triage room. Is that synonymous with the time 21 A. Probably. that he would -- is that the same thing as the time Q. Okay. So you have a recollection that the 22 22 that he would see you or --23 23 wife said he had taken all his pills, and he was still A. Yes. 24 in pain? 24 Q. Okay. And it says, "Ears and head are 25 hurting." How is it that you got this information, 25 A. Yes.
